Hard Habit

To Break

Life's full of habits that cannot be broken. We become used to the same old thing; no urge for change. But why do we perform the same routine day after day until it becomes a hard habit to break? There's always room for change in anyone's life at some point. No one can stand absolute drabness and monotony. There must be something worth living for than a dull and gruesome life. Excitement has to occur. Whatever thrills and chills there are, it's something out of the blue. Individuals must break out of their shell and do something that will leave a special mark on high school memories. You've got to come out of the daily routine. Follow your imagination no matter how wild the idea is. So what if there is some embarrassment; you'll be having the time of your life. If you don't satisfy your desires, emptiness and regret will take its place. Like the old saying, "Habits are made to be broken."

Dare to Be Yourself

Have you ever imagined yourself on a deserted island where you can escape the responsibilities of everyday life, or better yet just to get away from all the people?

The crowd at times provides security, but other times it can pose a threat to that very security which it offers. How many times have you ever wished for a place where you can escape the chaos and confusion of the crowd? Does such a place exist?

Amidst the hullabaloo of the multitude, there exists such a place. This place exists because we exist, but it is often over-looked by those who search too frantically. This nook from society which we seek is closer than we've ever realized. As a matter of fact, it is right under our noses. Yet it is not stationary. It moves when we move. One minute it is the comfort and serenity of our own bedrooms; the next minute it can be the confusion and disorder of passing period.

This place has no borders. It spans as far as we allow it to: like our imagination it knows no limits. It can only be restrained by those obstacles which we create for ourselves. Whether we're quietly studying in the library or just enjoying lunch with friends at the crowded lunch courts, our place is there. There is a place in the crowd for everyone. **In a crowd there is . . . a place for you.**

In A Crowd ... A Place For You

Dare to Be Different

In the Midst Of Many . . . An Individual

In the midst of many there is always someone who stands head-over-heels above the rest. One who is not afraid to express what he believes in. One who is not afraid to express . . . his individuality.

The crowd provides security, but it cannot understand the joy of shooting the winning basket in the league playoffs or the dread of the Calculus final at fifth period. The individual faces things alone. In a crowd we can all cheer the school football team on toward the C.I.F. playoffs or applaud the school band for a performance well done, but the crowd cannot appreciate the warmth and beauty of a pink-golden sunset against the Los Angeles skyline or the thrill of being crowned Homecoming Queen.

Each person shines in a special way. Each has a special goal to attain. Whether it's getting an "A" on the Physics test next Friday or just adding an extra two inches on the high jump, it is the individual striving to achieve private goals which in turn enriches the crowd as a whole.

Are You Bold Enough?

Am I bold enough to express my individuality? Stand out from the crowds and be myself? The only person in red instead of white? I know everyone is unique because it's impossible for two people to be exactly alike, even twins. I want to be noticed, but I'm so scared of what people might think . . .

The classic case of stereotyping — nerds, fobs, nips, beeners. You name the person, he's been classified. It's so hard to be different and be accepted at the same time. Yet these people have the courage and boldness to be different. Marking their style and originality unlike the rest of us who hide behind our drabby clothes and tiny voices.

Anyone can make himself a rare character. The question is whether you are willing to take that risk and be someone who will always be remembered as part of the treasured memories of Keppel life.

Dare to Be Different

"Do your own thing," "Walk to the beat of a different drummer," and "I'm O.K., You're O.K." were popular mottos of the late sixties and early seventies. As we progress through the eighties, we find ourselves encountering a time of **"Dare to Be Different."**

Glancing around campus, it is quite evident that students have adopted "Dare to Be Different" as their motto. It is true that student life is comprised of individuals of many different ethnic backgrounds, languages, cultures, and beliefs, but having a different ethnic background with different cultural beliefs and speaking a different language does not necessarily make one individual different from another.

"Dare to Be Different" has to do with self-expression. It's a way of expressing one's individuality whether it's cutting and styling one's hair in a "special" manner or putting on "unusual" attire. It's striving beyond those limits and expressing ourselves in ways which we believe in. We dare to be unique and because we're secure in ourselves; we accept others for who they are and realize that there is enough room for all our styles and values.

Homecoming Queen Sharon Hatae

This year's Homecoming halftime ceremony was spectacular! "It was the best ever!" commented one Keppel Senior.

Students, alumni, friends, and parents began to fill the stands a half hour prior to kick-off in order to watch the 1984 Homecoming Court be driven in style around the field and be escorted by their fathers to their seats.

Halftime began with tunes played

by the infamous MK band as the five Princesses were driven around the field once more. Each Princess was then escorted by her father down the center of the field while fountains of fireworks shot off on each side of them. The "Moment of Truth" came when Sharon Hatae was announced Homecoming Queen for 1984. A two-minute display of beautiful skyrockets lit up the field while Sharon's name was spelled out in fireworks!

Moment of Truth

Homecoming festivities brought a lot of fun and excitement during Homecoming Week. There were various activities that went on during the week. First there was the balloon shaving contest which took place on Wednesday, November 7 at the lunch courts. The point of the game was to put shaving cream all around the balloon and to shave the balloon without popping it.

The following day, November 8, was the Homecoming Festival which took place at the basketball courts. There were various booths selling different kinds of foods ranging from spaghetti to hot dogs to baked goods. Other booths were selling drinks, and some were selling confetti eggs and balloons.

During the same day, there were activities taking place on the upper field. First, there was the Bucket Brigade. The game was played with different clubs going against each other. The goal was to fill the wastebasket with water by passing the bucket to each other over the head and between the legs. This may sound easy, but the bucket had a hole in the middle of it. The other activity that was held that day was Simon Says. Then, there was the annual pep rally held at the big gym before the big Homecoming game on November 9.

Homecoming Week was exciting for all of us at Keppel. It gave us a chance to have fun and enjoy the fun that Homecoming week had brought us.

A ooh ooh ooh ooh wheel! That's what they were cheering at this year's Powder Puff game held down on the Aztec Field, November 8, at 7:30 p.m.

As always, the traditional football game was held for the announcing of the new 1984-85 Mr. Aztec. Congratulations Lawrence Morales!!!

Many more people than expected showed up. It was a lot of fun watching some of the senior and junior girls battle it out on the field cheered on by some cute senior and junior boy cheerleaders. The only mishap was when Ziada Zapata fell and suffered a pulled leg muscle. Everyone held his breath as she was helped off the field for doctor's care. "The game must go on" and it did. Ziada went on to see her senior class win from the sidelines 33 to 0. Way to go SENIORS!!!

P.S.

All the girls want to thank Ralph Canul (coached seniors) and Mr. Herrera (coached juniors) for taking time off and coaching us for the big game.

10. **IS IT DOLLY?** — No, it's Phil Berquam.
11. **RUN SANDRA** — Sandra Guzman runs away from some seniors.

Homecoming 1984 — the Game

The Homecoming football game was most exciting. It was the first time that the Aztecs took first place in the Mission Valley League since Keppel joined it.

Halftime started off with a bang. Fireworks cluttered the night sky above Aztec field. It was a most spectacular scene. The fireworks dazzled and amazed all. As the show progressed, the Homecoming Queen Sharon Hatae was crowned.

After the exciting halftime festivities and the game, it was off to the dance for many.

... Our Moment of Truth

The Homecoming dance was just great. Lots and lots of people showed up. Even though the line to get in was long, most claimed it was well worth it because Time-Warp played some righteous sounds.

Seeing all those who had graduated some years before brought back memories of the past. For the alumni, it brought back many wonderful thoughts of Mark Keppel.

The dance started out 10 p.m. and ended at midnight. Although it was only two hours long, it did seem as if everyone had a radical time.

ABOVE LEFT: **Get-down** — People do have fun at Keppel's dances! ABOVE: **Relax** — Just kick'n back with the crowd. LOWER LEFT: **Make It Slow** — The Homecoming court enjoy a slow one.

Entertainment Alive!

The entertainment industry was as big as ever this year. Music brought many dancing and dressing fads, and for students, it was a dare to be different.

One hit lady was *Cyndi Lauper*. She was awarded Best New Artist at the Grammy Awards. She brought a cheerful sound, **Girls Just Wanna Have Fun!** that swept the nation.

"A revolution in music" is what *Prince and the New Power Generation* not only brought to music but as a movie too, **Purple Rain**.

Madonna, **A Material Girl**, made top hits and a sound track for the movie **Vision Quest**. *Madonna's* look made a big impression of the dressing fads worn around campus.

We could never forget *Michael* and all the *Jackson's*! They all played for the Victory Tour and performed for millions at Dodger Stadium.

Many groups from the UK were also big, *Duran Duran*, *Tears for Fears*, *General Public* and so many others.

Tina Turner, was awarded record of the year with **What's Love Gotta Do With It**, and *Lionel Richie* **Can't Slow Down** was awarded Album of the Year, so "OUTRAGEOUS!"

Performers came to aid in the fight to help starving Ethiopians. English groups came together to sing **Do They Know it's Christmas?** written by *Band-Aid*. Here in America performers created **We Are the World**. They all earned millions of dollars from their records to aid Ethiopia.

The Breakfast Club was one high school students could really relate to. **Vision Quest** was the one which *Madonna* made an appearance. Brilliant drama was in movies such as **The Killing Fields**, **A Soldier Story** and **Witness** which starred *Harrison Ford*.

The diversity of entertainment has brought many new styles, and ideas — a dare to be different.

Rad d FAD

"Clothes, Clothes, Clothes!!" This year everybody seems to be on a shopping spree. Everywhere you go people seem to be into one kind of a fad or another. Everybody wants to dress well, look nice, and be "in."

All the students are changing their appearance and beginning a new style, either of their own or being like everyone else, "in with the scene."

One of the most popular look this year and last year was the "Madonna" look. Everywhere you turned there were the neon colors, lace everything, the silver jewelry, and the bob haircut.

There were also the New Wavers, Mods, and the Punkers with all their dark solid colors like black, grey, navy, green, and so on. Short haircuts, mohawks, spiked hair, long black trenches, scarfs, granny boots, creepers, and caps or beanie were also in. All these things looked nice, but it's hard to believe they came from thrift shops.

The New Romantic and G.G. look for guys were really in. The guys dressed extravagantly. It seems as though all their money went straight to their clothes and shoes. Nobody cared how expensive things were.

Even with all the new styles we can't forget the casuals, disco, or even the "trendies."

Very important.

It seems like all we hear these days is no, no, no . . . If there is something that you want to do, you better believe that there is a rule to prevent it. If you want to relax and enjoy eating a leisurely lunch in your car, don't plan on it unless you don't mind having your parking sticker revoked. Try wearing a club shirt which is not affiliated with the school and you may find yourself wearing an apron from the cafeteria covering it. Have you gone to a school dance? If you have you probably know you need an I.D. to get in and once you were there, you weren't able to enjoy watching or participating (if that's your thing) in break dancing. Having trouble finding a party for this weekend? It is not surprising since anyone caught distributing flyers is subject to discipline by the dean. Don't try walking through the halls with food or you can kiss your lunch good-bye as you are told to deposit it in the nearest trash can. These are just a few of the rules students were forced to abide by. Give them time and surely they'll come up with more . . .

Breaking

the Rules

CLOCKWISE: **THE HEAT IS ON** — The heat'll be on if these friendly rockers get caught under Marlboro Country, but they don't care 'cuz it's their favorite spot to kick back and talk. **RUNNING FROM THE LAW** — Anthony and Alina get ready to take off as they are caught eating in their car. **BREAKING THE RULES** — Linda and Maggie break school rules by wearing their MANIAC GIRLZ shirts on campus. Those Naughty Girls . . . **TAKING CHANCES** — Miriam and Carol take their chances by eating in the hallways. **CAN'T BE BOTHERED** — Ruth isn't bothered by silly rules about radios. She still enjoys listening to her favorite songs all day long. **RISKING IT ALL** — Alonzo risks it all by passing out the latest flyers to Keppel parties to Alina and Caroline.

Meet Yuval Ashkenazi

From Israel

This year's foreign exchange student came all the way from Petha Tikva, Israel. His name is **Yuval Ashkenazi**. When looking at him, one would think he was a native Southern Californian with his blond hair and blue eyes. Yuval's real home in Israel though is located in Southwestern Asia, halfway around the world from the United States. "The weather here in California," says Yuval, "is very similar to Israel's," and he loves it! There are so many other things Yuval loves about California. "Everything is big here and it's so beautiful!" The largeness of everything here is extremely fascinating to him because he loves crowds and lots of people. He

AFS

couldn't have picked a better place to visit!

GIRLS. This is **Yuval Ashkenazi's** #1 interest. He thinks the girls here in sunny California are great. Besides girls he enjoys tennis, driving, surfing and going to places like Westwood. When he goes back to Israel he plans on becoming an airplane pilot which will take ten years of training. He wants to be a pilot because it gives one a sense of power which he loves. He wants to be rich and powerful.

Yuval has been an excellent exchange student with his outgoing personality and friendliness. We were lucky to have him and he will definitely be missed.

Crown and Sceptre:

Crown and Sceptre is an honor society composed of 16 seniors who have qualified during their junior year with a 3.0 average or better as well as being active in school and extra-curricular activities. The applicants were chosen by members of the previous year and pre-selected members of the faculty and administration.

Crown and Sceptre had a busy year in school and community involvement. In early October, a number of members volunteered their time and hammering skills to aid the construction of the March of Dimes Haunted House and trick-or-treated for U.N.I.C.E.F. on Halloween. During Christmas vacation, Crown and Sceptre organized a reunion party for present and former members dating back five years to 1979. Throughout the school year, they ushered and sold baked goods at winter and spring plays and concerts. In the spring they planned a year-end banquet for nine months of school involvement and service. Crown and Sceptre would like to express their thanks and deepest appreciation to Mr. Katz for all his help and for being a special part of this prestigious senior honor society.

The Senior Class Council of 1984-85 has participated in and organized many activities. The Council planned Grad Nite, decided which caps and gowns to wear, sold Senior shirts, and sponsored a Spring Sports Dance. They also participated in many Homecoming events and Festivals. One thing new the Council organized was a Senior Council Fundraising Committee. This committee helped the Council with fundraisers and various other activities. Thanks to the time and effort of the Council, the committee, and especially the Senior Advisor, Mr. Mielke, the year was a successful one.

 Discoverers
 Experimenting in chemistry,
 Solving mathematical equations,
 Programming computers; and
 Of adventurers
 Singing on their way to

Man of Many Interests

Mr. Kenneth Fairlie has been here many years and said he hopes to stay on for many more. Born in Montreal, he attended high school and college there, graduating in 1963 with a degree in philosophy. His first teaching assignment was at San Gabriel High but in 1971 he came here as an attendance counselor. Four years ago he became a grade counselor because as he noted, "This afforded me the opportunity to work with all kinds of students, including those college-bound which I have found to be most interesting and very challenging." Outside of school his interests lie primarily in music, as a guitarist. He mainly listens to Folk, Country, and Jazz. He reads quite a bit as well, claiming Plato, Aristotle, and Hemmingway as his favorites. He also mentioned, "I am also interested in the breeding and raising of thoroughbred horses as well as the races that these horses participate in. A man of many interests, we hope he stays around a little while longer."

Giving the Students a Bit of Assistance

Being a teacher with thirty students per class, up to six times a day, can be trying. It must take an awful lot of stamina to keep from collapsing from exhaustion, so the jobs that their aides perform are virtually invaluable. This group of people is there to help out the students when the teacher is unable to attend to everyone's needs. They point out things to the students which might otherwise take up the precious amount of time that teachers have with the entire class. They help out problem students who obviously need more personal attention than others. Overall they are a right-hand man to the teachers and a great help to the students.

Our counselors are another fine group of individuals. They have the awesome responsibility of straightening out student's programs. With nearly 3000 students enrolled, you can see the possibility of being totally swamped with work. Yet, these people still manage to get through it all and come out with a smile. They're always there to help out if you're having a problem with your college application or financial aid forms. On top of all this, they find the time to attend Keppel functions and support our athletic teams.

What more can be said about all of these fine individuals other than that we are very fortunate that they are here to offer a bit of assistance.

English and ESL

BELOW: **Studying for Success** — A classroom of students working hard.

Daniel Acosta, growing up in San Gabriel, never intended his career to be a teacher. He attended Dominican Seminary in Compton and studied to be a priest. He changed his mind after 5 years and received a good classical education in return. He then enrolled in Cal State LA and worked toward a BA in his major, English. Mr. Acosta was able to earn extra money by teaching at Don Bosco. Then he was drafted. He married his college sweetheart and spent 1½ years in Germany. When they came back to the states, he went

Writing Success

back to school for 1 year to obtain his teaching credentials and then received a job. He has been teaching here for thirteen years. Daniel Acosta now lives in Rosemead with his wife and 3 children. Aside from teaching, he works on furthering his writing career. So far, he is in the process of writing a book and has had two of his stories, "Homeboy" and "The Tregua," published in magazines. He is hoping one day his writing career will be an outstanding success, but until then he'll enjoy working with his students.

Reading

Mark Keppel's English and ESL departments are a pride to the school. They are both headed by a well-trained staff. Courses in beginning reading skills to classical literature and advanced composition writing are taught. The honors program in the English department allows those students who perform exceptionally well in English to challenge themselves with harder work.

Math and Science

Making the Grades

As our world of microchips and medical technology becomes more advanced, our need for a basic understanding of the maths and sciences will increase tremendously. Fortunately, the Math and Science Department offers a variety of courses to meet these higher standards.

The Math Department offers courses that meet an individual's needs and abilities. Math Individual covers addition, subtraction, multiplication, division of whole numbers, fractions, and decimals. Math Individual BL is taught in English and Spanish and enables the student to increase his vocabulary in these languages while learning basic math concepts. Math Individual ESL is designed for the limited English speaker. In these classes,

work is assigned to meet the individual's needs.

For students who are motivated, self-disciplined, and capable of individual study, the Math Department offers a Math Honors program. This program enables the student to progress quickly than in a structured classroom.

As the student advances to higher math levels, he may wish to apply his knowledge toward the science areas. The Science Department offers such courses as Physics, Chemistry, and Chem Study where math skills are required for problem solving. With courses that cater to an individual's needs and abilities, making the grades is a lot easier.

Now That's Good Chemistry

In his first year at Mark Keppel, **Mr. Maw-Song Wang** has certainly become a big hit with his students. He is the new Chemistry and Chem. Study teacher.

He was born in Taiwan and attended the University of Kansas. In his spare time, Mr. Wang enjoys listening to classical music and mountain climbing.

His inviting smile and blend of a charming character and warm sense of humor makes going to class something to look forward to. And that's what good Chemistry is all about!

Radiating his charm and vitality, Mr. Wang gives a new meaning to what good Chemistry is all about.

Business Communication and Law Careers

Dept. Heads Reveal Truth

The Business, Communications, and Foreign Language Departments possess something vital which makes our school special; privileges which we have taken for granted! The Business Department was chosen as a Computer Base Educational Model for the entire Southern California. Students who took business courses and passed were eligible to take a state exam which could lead into direct job placement. In Communications, a new professional studio was installed with all the up-to-date equipment. After installation, TV Productions class filmed a series of shows for Falcon TV which they broadcast. Finally, foreign language had the first Chinese class which offered native speakers to improve their skills.

Utility Infielder Sudden Changes

Around her colleagues, **Ms. Gail MacCartney** is known as the "Utility Infielder" since she knows about many subjects. One sudden change in her life is an interest in psychological research. "One day I woke up and wanted a change in my

life," she said. Ever since Christmas '83, she worked on a research project which may be published in a magazine. She hopes to attend University of Santa Cruz in the future to pursue a new career. At the university, she would teach and perform experiments in creativity — determining how to measure creativity, identifying creativity, and how to stimulate creativity. Her change in fields depends on whether she is accepted since only four out of hundreds are chosen.

The Importance of Social Science and Fine Arts

The importance of Social Science has been stressed over and over again for the reason that if a Senior doesn't pass Government he/she will not graduate. A lot of people think, "Why

should I take history and the other social sciences?" These classes ARE IMPORTANT! Studying history helps us learn from our mistakes in the past so we don't make the same ones in the future.

Our Fine Arts department adds color and delight with such arts as dance, piano, and music. Without these classes, high school could be pretty monotonous! We're very lucky to have the fine teachers that we do in these departments.

What Does "RW" Really Want?

"Don't confuse effort with results!" is what **Ray Williams** drills into the heads of his students, especially his Yearbook Prod. class which he has advised for the last 7 years.

Mr. Williams was a graduate of MKHS 33 years ago and began teaching all levels of math and science classes here in 1959. He now teaches photography, science, and the Yearbook class. Mr. Williams' interests lie in the direction of automobiles and computers, and he is currently on the Board of Directors of Southern California's Horseless Carriage Club.

Somewhere between 7 and 15 yrs. from now, Mr. Williams plans to retire. He can't wait to travel and visit New England in the fall since Boston is where he graduated from college. This is what he really wants!

Electives Prove To Be Helpful

The Industrial Arts Program includes six different handy courses: Woodworking, Autoshop, Plastics, Computer Robotics, and Printing. All of these courses are electives which most students have found to be well worthwhile and a lot of fun.

Home Economics is made up of classes such as Foods, Clothing, Teen Living, Child Care, Marriage/Parenthood, and Consumer Economics. These classes are helpful in preparing students for the outside world. Foods, which is one of the more popular Home Economic classes, teaches how to cook and prepare food in the correct and the most idealistic manner.

Being an avid sports fan, Ms. Nesalhous loves going to root on such teams as the Los Angeles Dodgers and Raiders. But not only is she a fan of professional ball players, she also makes time to go cheering for Mark Keppel's ball teams.

She is a very special person and is easy to get along with because she loves being around people. We are proud to have her on our staff.

Nobody Does it Better!

Where would this school be without the continuously hard working group, the administration? We would never have gotten off the ground without them! No one can be compared to the devoted staff who organized our school to grant its students the best academic education, as well as extracurricular activities.

We have a very dedicated Principal, **Mr. Chavez**. He and his secretaries made sure the school was in order. **Mr. Chavez**, frequently visited classrooms, attended school sports events, and always did it with a smile on his face.

Our many activities around campus were handled by Vice-Principals **Mr. Horst** and **Mrs. Bush**. They kept us informed with posted bulletins of the many activities.

The school was kept safe for our students during dances, activities or passing periods by our deans. They were located in their new office this year next to the Guidance Office.

Mark Keppel was staffed with a large hard working personnel group which kept the school going. These people had the tough job of keeping the school running smoothly. They were always there to help students, teachers and the administration.

The campus supervisors had the difficult job of making sure students behave accordingly. Controlling the large population of students was also difficult. These people were always on call for any disruptions or accidents which occurred around school. This year we were privileged to receive a replacement for **Sherri Leon's** position with **Katherine LaCourt**.

Dessie Vukanovich and **Chris Hutchins** were two other personnel who kept things in order. **Dessie**, the bookroom clerk, organized the texts to make sure they were returned and in good condition for the next student to use. When she was not in the bookroom she worked in the student store during the busy lunch hour crowd. **Chris** is the records clerk. She kept records of every student's grades up to date, their grade point average and their class rankings. She also serviced many seniors by sending their transcripts to colleges which they applied to.

The health office lent a very big helping hand to the students, whether it was an on-campus injury or illness, they were always there to give medical attention. The health office also put in much work to make sure the athletes received their physicals. Our psychologist, **June Shimonji**, was in room 140 and added another service to students. If someone was troubled with either themselves or someone else, they could go to her for confidential counseling. She was someone who would listen!

The guidance office technicians worked in the core of the school, the information center. They were there to see that the school knew the daily bulletins and helped students with any questions they may have had. These women also assisted the counselors with their appointments and the entire faculty. The attendance office was always crowded with students needing readmittance slips. They kept precise records of absences and tardies.

All of these people worked together as a team and made sure Mark Keppel was in constant motion and dedicated themselves to serving the faculty, administration and students. They all deserve a great amount of thanks for always giving their helping hands.

The Mark Keppel library provides students with a large variety of help not only with the many books and magazines, but allows students to photo copy, watch film strips and, the biggest help of all, the librarians. The librarians assist students to find information and materials, on just about any subject and are willing and patient when helping. The library is open from 7:30 a.m. — 3:30 p.m. to any student.

The main purpose of the Career Education Department is to provide the students at Mark Keppel High School various opportunities to investigate different occupational fields and to provide vocational guidance. We also offer Work Experience opportunities, Career Exploration, college admission and financial aid information and a large ROP program.

Working Hard to Please

The forever hard working, dedicated custodian and cafeteria crews of Mark Keppel are the ones that probably have the toughest of jobs physically.

Cafeteria, everyday on the hour brings us a well balanced, nutritional lunch for hundreds of hungry stomachs. Cafeteria also allows for students to pick up some breakfast like donuts, danishes or milk in the morning. Then they get busy preparing for lunch until finally having to handle the mad lunch rush with style.

Did you ever think of what our school might look like without custodians? A little trash here, dirt there, and graffiti everywhere! I'd hate to think about that; and luckily we don't have to because Mark Keppel is staffed with a very good day and night custodian crew. They are constantly busy cleaning the halls, classrooms and school grounds. Mark Keppel is still in the good condition it is after all of these years because of the devotion these people put into it.

Often we take these people for granted, but they are all very deserving of our appreciation for the hard work they do at Mark Keppel!

Fall Play Hit of the Season!

The fall play was one of the best Mark Keppel has had yet. It lived up to a standard that was set 20 years ago, when the "Diary of Anne Frank" was first performed in 1964.

The audience, because of the reality of the play, were able to relate to what was happening on the stage and to the closeness the performers projected. The performers filled the hearts of everyone because they were like one family. This was achieved when the Drama department did what was never done before . . . have the cast spend 24 hours on the set, talking to no one, but themselves.

"The Diary of Anne Frank" was an experience that will follow in the hearts of those who saw it, forever.

The play itself was constructed of short stories presented with song and dance. It created a happy, fun-filled atmosphere which captivated the audience's attention with its light-hearted humor.

The students, who portrayed the selected Peanuts character, helped to bring further recognition to the fun-loving family Charles Schultz created, the Peanuts Gang. It was a good choice for the spring play and helped balance out the seriousness created by the successful fall play, "The Diary of Anne Frank."

Back to School Dance

The First Chance to Dance

On September 21 from 9:30-12:00 p.m., ASB Cabinet sponsored, "The First Chance Dance." Being the first dance of the year, the turnout was tremendous. A wide variety of music was provided by the D.J., *Rocksteady*, with special effects adding to the event.

But two additions were made to this year's policy rules. To get into dances, the student must show a Keppel identification at the front desk if not attending Keppel on a regular basis. The reason for this is if a problem occurs at one of the dances, they will know who is responsible for it.

The other rule forbids break dancing on campus as well as at any other school-sponsored activities. It not only attracts too much attention but takes up much of the dancing space, leaving little or no room for those who prefer to dance rather than watch the breakers.

TOP RIGHT: *Tickets please* — Mona Nakaoka punches a ticket pass. MIDDLE RIGHT: *Together at last* — Elio Garcia and his date share a quiet moment dancing at the back-to-school dance. LOWER LEFT: *Listening for once* — D.J. Kenny Nagai takes a request.

The Glamorous Life: From Rags to Riches

The Backwards Dance turned out better than expected. Many factors contributed to this.

Tickets didn't sell too well presale so Cabinet decided to change this couple dance to a stag dance. Then ticket sale increased dramatically.

However, very few people dressed to the theme "The Glamorous Life: From Rags to Riches." Most people who came with a date dressed alike.

Pictures provided an interesting background by *Gary Roberts* from *Anthony Loya Studios*, consisting of boxes and used up paint buckets on a ladder and a stool, plus an unusual looking plant which reflected the theme perfectly.

Many clubs set up fundraising booths at the dance. *Aowakya* and *Sophomore Council* provided drink booths. *Kiowa* sold carnations. *Physical Science Club* sold donuts.

Congratulations to Cabinet for doing a good job!

"Mistletoe Magic" was in the air on the night of December 8. It was once again the time for the annual Christmas Ball. Girls League spent many weeks preparing for this event in order to make this a night to remember. The gym was decorated to perfection with white and royal blue streamers and balloons. To add to the festive Christmas spirit were elves and a cheerful Santa Claus.

Girls League selected the Disc Jockey "**Encore Sounds**" who played a variety of funk and soul and a lot of slow music for couples on this memorable night.

At 10:00 p.m., the dance was coming to its climax as the coronation ceremony was about to begin. At that time, 1983 Queen **Connie Vasquez** crowned **Dawn Gotanda** the 1984 Christmas Ball Queen. Her court consisted of Senior Princesses **Nora Matsumoto** and **Deanna Perez**; Junior Princess **Janet Goodfellow**; Sophomore Princess **Karin Sako**; and Freshman Princess **Sally Kim**.

The Christmas Ball was a night many won't forget and much credit goes to Girls' League Advisor, **Sharon Heinrich**, and President, **Janet Goodfellow**. It was a night filled with "Mistletoe Magic."

After an absence of three years, the Hardwood Hop returned as Keppel's Varsity Basketball Homecoming. The dance was held on February 8, 1984 in the gym after the victorious basketball game. Keppel defeated Arroyo (74-69). At 10:00 **Koichi Fujimoto** and **Sandy Uyehara** were crowned King and Queen of the Hardwood Hop. The dance was a success with an attendance of over 300 Keppel students dancing to the sounds of Fusion.

Sweethearts' Ball

Just You And I

On February 9th, the Tri-Hi-Y clubs from Mark Keppel, Alhambra, and San Gabriel organized the annual Sweethearts' Ball. As in the past, the Sweethearts' Ball was held at the Pasadena Civic Center. The four hours were filled with spectacular music provided by Anthony Loya, and all-around fun. At the strike of 10 the coronations began with the arrival of last year's Queen from Alhambra. Each member of the court was announced and proceeded down the floral staircase onto the stage. The excitement from the announcement of the Queen from San Gabriel was followed by the arrival of hundreds of pink and gray balloons floating onto the dance floor. The three high schools put a tremendous amount of work to make the Sweethearts' Ball a success.

At the annual ALAS sponsored King and Queen of My Heart Dance, *Robert Govea* and *Eva Martinez* were crowned king and queen. The Quiet Cannon in Montebello set a perfect scene for the dance. Several young men and ladies competed for the title of King and Queen. The qualifications for this dance were a little different from others. Each candidate sold raffle tickets for ten cents a piece to raise money for scholarships given at the end of the year. All the participants raised over \$3,000. The fourth runner-up was *Jeanne Rogers*, the third runner-up was *Maria Rodriguez*, the second runner-up was *Cathy Ramos*, the first runner-up was *Sandra Valdez*, and the Queen was *Eva Martinez*, who sold \$830 worth of tickets. *Robert Govea* sold the most among the guys. The music that **Wave Length** provided was excellent and everyone seemed to enjoy it. Without the help of *Mrs. Perez* and the ALAS club the King and Queen of My Heart Dance was very successful.

Junior/Senior Prom

Couples Share A Moment in Time

On May fourth invited guests of juniors and seniors attended the main event of the year — the PROM at the classy **Biltmore Hotel** located in Downtown LA. Once inside the Crystal Ballroom, couples toured the room in awe. High ceilings with antique engravings covered the dimmed ballroom while rows of golden balconies surrounded the white walls. A huge rectangular dance floor set in the center of the ballroom drew a sigh out of those who attended. Romantic couples enjoyed the seclusion of the balconies as they shared special moments.

Junior council chose a DJ to provide pleasing music to everyone's ears. Dinner was later served with a big surprise. Instead of the usual dull boring chicken, appetizing sliced roast top sirloin with Caesar salad and Italian ice cream was presented.

The Junior/Senior prom lasted for six hours; from seven until one. The price of the gold and brown tickets were an expensive sixty dollars, but many felt the money was well spent since couples left with many **Moments to Remember** . . .

Moments to Remember...

Dare...

We find a place
Where we meet people
that share our ideas
And listen to our opinions.
We find this place
Because the world is too
Big and life too difficult
To face alone.

Thus we form our clubs
And learn to appreciate
the sound of the gavel,
The payment of fines,
And the feeling that comes
With serving others.

... to be Different

Teocalli Staff '85 Daring to...

Daring to be different, striving for excellence, reaching for perfection ... are all phrases often heard in the Teocalli office. The yearbook staff worked hard selling ads, laboring over lay-outs, cropping pictures, creating catchy headlines, and fearing the dreaded deadlines. They also did an excellent job of selling football programs.

The Teocalli staff has done an unsurpassed job on the production of the yearbook considering the lack of experience. There were only two returning staff members, Editor-in-Chief **Scott Koga** and **Dawn Gotanda**.

Producing a good yearbook is a tremendous task that takes creativity, organization, and hard work. This staff created a book of superior quality with style and class and captured priceless memories within these very pages.

Aztec Staff Strives to Improve For Future

1985 proved to be a successful year for the AZTEC staff. Despite the small size of the staff, they were led by Editor-in-chief Loriene Honda.

The AZTEC was published bi-monthly and enjoyed by the students and faculty alike. Advisor, Mr. Scott Mangrum, was pleased with how the inexperienced staff improved their publication with fresh ideas and got better with every issue. The hands-on-experience gained by facing extreme pressures from deadlines and learning various journalistic skills, proved a once in a lifetime experience.

Give It All

Leadership Looks for 'Invisible Kids'

Cabinet worked to get students involved with the varied school activities. The main goal was to recognize the "invisible kids."

One of the major events was Homecoming. After months of planning Homecoming proved to be very successful. Overall the hard work was worthwhile.

Second semester's Cabinet continued to promote school spirit among the students and faculty. Many lunch activities attracted numerous students. Both semester Cabinets worked hard to make this year a memorable one.

Exploring New Frontiers

Physical Science

Of the two science oriented clubs on campus, the Physical Science Club, under the direction of Mr. Farr, places its main emphasis on Chemistry and Physics. It is open to all students who show an interest toward such sciences.

In its second year of existence, the flow of club membership has been quite slow, but that did not prove to be a handicap against the club at all. The Physical Science Club has proven itself as one of the many active clubs on campus. The club participated in such activities as selling refreshments at school dances and at the Homecoming, Cinco de Mayo, and Spring Festivals.

With a scarcity in membership, club members had to work twice as hard. Endless planning and cooperation among members resulted in a number of successful fundraisers throughout the year.

Future Business Leaders of America is a club for aspiring business students. Through sectional and state competitions, club members learn the traits and responsibilities of the business trade.

With a huge club membership, F.B.L.A. has no trouble with fundraising activities. Club members raised funds from car washes, Christmas balloongrams, and selling refreshments during lunchtime festivals. The club also participates in services and socials which involve contact with citizens in our community.

Unlike other clubs, F.B.L.A. falls under the direction of several advisors who are associated with the business department. With much appreciated help from the advisors, F.B.L.A. sets out to promote the importance of self-confidence and a feeling of accomplishment among its members.

Through the Years . . . Still Going Strong

Amer-Asian

Amer-Asian has constantly been one of the largest clubs on campus, but besides being large in number, they are great in leadership and participation. Under the supervision of Mrs. Lillian Kimura, Amer-Asian has been a successful club throughout the past years. The club has participated in Homecoming Festivities and sponsored the Spring Festival, which was a difficult task. The club is looking forward to many more good years ahead of them.

Making it Work

French and German Club

French-German Club has been very active this past year. The club has participated in several fund raisers, held a booth during the Spring Festival and performed services for the school. The club also donated their time to Maryvale, an orphanage, where they played games and held lunches for the orphans. The club also planned to visit a convalescent home during Christmas. The purpose of French-German Club is to unite students interests in the study of foreign languages and foreign cultures. The club is led by advisor Mr. Wolmen who teaches French at Mark Keppel.

Leo's Club

The Leo's Club is well known at Keppel. The club originated from the Lion's Club which is known throughout the world. The Leo's got its beginning here at Keppel in the early 1970's. This club is a service club whose members are dedicated to serving it's school, community, senior citizens, and under privileged. Their services included helping blind children and ultimately sending two blind children to camp during the summer, donating all of the money raised to needy families and performing services to the school. 1985 proved to be a memorable year for the Leo's advisors Mr. Westphaln and Lion's member "Whitey."

Janice Leong

AFS, the American Field Service is a small but active club dedicated to discovering and experiencing foreign lands and environments. Pictured at right is a typical AFS meeting in room 141. President Geri Leyva is leading a discussion on a possible field trip.

This year, a student named Yuval Ashkenazi came to our school from Petach-Tikva, a suburb of Telaviv, Israel. Also three fortunate Keppel students pictured above went to foreign lands during the summer. Christina Hong spent her summer in West Germany where she lived with a family of seven. With her adopted family Christina traveled to France, Switzerland and Holland. She says the best thing about her trip was that because she was living with a German family she did not feel like a tourist and was able to get a more intimate taste of German culture.

Nadine traveled to Lisbon the capitol of Portugal. She found Lisbon to be much like our own San Francisco, filled with thousands of people and hundreds of cable cars all jammed together. Nadine said her family was very friendly to her and often took her on trips to beautiful Spanish beaches. Nadine also visited castles, churches, carnivals and local shops.

Janice Leong traveled to Japan during the summer. She lived with a Japanese family in Shiba on the southwest part of Tokyo. During her three month stay Janice went to Yokohama and other neighboring islands. She visited many shrines, temples, museums and saw a lot of the Shogun uniforms. Janice found the Japanese people to be friendly, polite, and generous, but a little shy. Overall she says it was a wonderful trip.

The new math club, Mu Alpha Theta, derived its name from the National Math Organization of the same name. This organization sponsors math contests to high school students and Junior college students who belong to this organization. With hopes of increasing membership, Mu Alpha Theta set out on a membership drive which took place during the third week of school. It resulted in a membership of over 90 members, and it maybe one of the biggest clubs on the Keppel campus this year.

Mu Alpha Theta can best be described as a math honor society where students of high math abilities compete against each other and other schools in math contests. This year Mu Alpha Theta was involved in the California Math League, the Atlantic Pacific Math League, and the Continental Math League in Calculus. Full members must have taken at least three years of math and must have at least a 'B' average in math. However, you do not have to be a math whiz to be in

Mu Alpha Theta; those who do not qualify are associate members and they are able to participate in everything except for the taking of the math tests. Mu Alpha Theta is very active in school, participating in all the festivals and during the football season, Mu Alpha Theta members sold cotton candy during the games.

President Christopher Yin states that he is really enthusiastic about Mu Alpha Theta and hopes that it will continue to be as successful in the future.

The New Clubs On Campus

Electronics Club

The Electronics Club looks into the future by working with robots and computers. Electronics Club originated with the gathering of the electronics students who were eager to learn more about robotics. Under the guidance of Mr. Means, the electronics teacher and the Electronics Club advisor, the members built robots and learned more how to program them. They used the Heathkit Hero 1 Robot and the RB SX Robot and they used the Apple IIe to learn how to program. The members enjoy the hands on experience in electronics and they will be one step ahead of everyone in the world of technology.

Yahtac

Yahtac, or Cathay spelled backwards, is one of the many Asian clubs on Keppel campus. This year Yahtac was inactive for the first semester so they can get adjusted. They hope to gain many more members throughout the years so they can become as strong as their rival club, Cathay.

YAHTAC — (FRONT ROW): Tony Wu, Amee Sieu, Janet Wong, Wendy Li, Tiffany Lu. (SECOND ROW): John Ou, Steve Shiang, Billy Lam, Steve Chen, Hillman Ng, Stu Schnell, Helen Luo.

California Scholarship Federation Commitment to Excellence

A commitment to excellence was the common goal of C.S.F. members. Students who received at least three A's and a B in college preparatory courses are eligible for membership in the State Honor Society. Students who are members of C.S.F. for at least four semesters (one of which must be in the senior year) are awarded for their accomplishment as life members.

The name, California Scholarship Federation, is synonymous with "scholarship for service". To achieve its goal, C.S.F. officers have spent endless lunch hours planning fundraisers to raise scholarship for deserving seniors.

Throughout the year, the club has participated in the Homecoming, Spring, and Cinco de Mayo festivals. Members also attended tapings of Family Feud.

The leadership of C.S.F. was provided by President Joanne Lau, Vice President Christopher Yin, Secretary Jeanette Le, Treasurer Alberto Loo, and the four class representatives, Uyen Ky (senior), Phyllis Fang (junior), Wai Ouyang (sophomore), and Johnnie Lau (freshman). The officers worked together in making decisions on field trips, fundraisers, and other club activities. Mrs. Breen and Miss McIntyre provided advisement for the federation.

Old Club Still Going Strong

A.L.A.S.

Alas has been active throughout the year. There are over 50 members in the club this year which is led by Alas's advisor, Mrs. Perez. They have participated in many sponsored activities such as a car wash, selling confetti eggs during the Homecoming Festival and the King/Queen of My Heart contest. Profits of this dance will go to provide scholarships for graduating members. Alas is a very active group and does a lot for our school as well as for the community.

Dancing With Style

Ballet Folklórico

The Folklórico dance group headed by Margaret Kochinas was busy throughout the year performing for various schools and organizations. They also perform at old homes, churches, and festivals. You can usually see their big performance on the Cinco De Mayo Festival. The Folklórico dance group practices every day working on making their dance routines perfect, which shows in their performances. They put a lot of effort in making their yearly performance a show that Mark Keppel enjoys.

Working For A Living

Student Store and Bank

The student store, who supplied food snacks, and the bank, working with finance, operated effectively and efficiently. During lunch, students were able to purchase snack items from the store. The bank distributed pictures, dance tickets and many other things before and after school, at lunch and between classes. Thanks to the competent workers inside, things ran quickly and easily.

Making a Better Place for Girls

Girls' League

This year Girls' League attracted many new faces. The new advisor, **Sharon Heinrich** and the first semester president, **Janet Goodfellow** as well as the freshman members brought in a lot of enthusiasm. Girls' League did many services for the school such as holding the annual teacher's Christmas breakfast and participating in all the festivals. Girls' League held their annual Christmas Ball and the theme was Mistletoe Magic. Every girl at Keppel is a member of Girls' League but the officers and the active members are the ones who do most of the work.

Sweat and Tears Equals Success

Hard work and dedication describes our successful Prexy Council. The council is made up of all the Presidents of each Tri-Hi-Y club and a representative. The officers are elected by all the clubs by secret ballot. Each officer has her specific duties to fulfill, and this year's council has succeeded in these duties with class and style.

Prexy's biggest concern was organizing the Fall and Spring club orientations held after school. Orientations are for the purpose of introducing each club to the incoming freshmen and new girls who are interested in joining a club. The afternoon is spent entertaining the girls with various skits and musical acts that each club performs.

Inter-club board (ICB) is a board of girls from Alhambra, San Gabriel, and Mark Keppel High Schools. This board does many important tasks. The major event ICB is in charge of is the annual Sweethearts Ball that Alhambra, San Gabriel, and Mark Keppel students attend. The Big night, however, that all the Tri-Hi-Y clubs all look forward to is the Spring Dessert. This is the special occasion when all the clubs spend a night at the Huntington Sheraton and await the announcement of "The Club Of The Year" from their school.

Striving For Excellence

Holding the prestigious title of "**Club of the Year**" for the second consecutive year, **Aowakya** started off the school year enthusiastically.

With club meetings held weekly, they discussed and planned several fund raisers and services for the community as well as the school. These categories must include a variety of requirements which make up the agenda for a club. A club must have a certain amount of educational, religious, and social events, with an attendance of at least 10 members.

Community wise, **Aowakya** served as volunteers in the Stroh's 10k Run, visited convalescent hospitals, attended one of the first Safe Rides presentation, plus many more. A big step for them, though, was supporting an underprivileged child, giving them a sense of self-satisfaction.

Showing a tremendous amount of school spirit, the club participated in the balloon shaving contest, the bucket brigade, the balloon toss, attended school plays, and cheered the basketball as well as football teams onto victory.

However, raising money for the club was not an easy task. Bake sales, egg drives, newspaper drives, and wake-a-thons made up a part of its treasury, but most of **Aowakya's** money comes from the annual Cherry Blossom Festival.

Overall, **Aowakya** had an impressive year. Working hard, they achieved many goals and gained new perspectives working towards a better school as well as community.

Small . . . but Strong

Kiowa is one of the most active clubs on Keppel campus. Although it is a relatively small club, Kiowa is considered to be a fairly close and united group by its members. Kiowa has achieved this unity through the many activities in which they are engaged in every month. This year, Kiowa was involved in services to the library and to the YMCA as well as helping out the Hunger Project at the Red Cross. Other activities include going to movies at Westwood and exploring the Japan Expo. Kiowa members have worked hard making this year one of the busiest.

Moving up to the top!

Shoshoni, a fairly new club on campus which started late last year, has shown potential for being one of the most hardworking and well-rounded clubs. All year, they have been doing plenty of volunteer work including everything from tutoring at the Monterey Park Boys and Girls Club to helping on a float for the Rose Parade.

Along with the hard work came plenty of memorable and good times. The club held many socials such as going to the movies, beach trips, mountain trips, and sometimes just getting together to eat. Being a new club, Shoshoni should be proud of all that they have accomplished.

Giving a Helping Hand

Talondi is a close knit club that is continually active in community and school functions. **Mrs. Mancha Kurilich** provides excellent guidance, encouraging monthly visits to the Lutheran Home in Alhambra. By having various fund raising activities the club has many social gatherings and events. This brings together their friendship and helped make 1984-85 one of the best years yet.

Talondi — (FRONT ROW): Bettina Teramonti, Sandra Rodriguez, Kristy Matsuo, Karin Sako, Rika Hosozawa (SECOND ROW): Paula Kurilich, Jenny Kim, Michelle Faust, Velia Morgutia, Denise Cortez, Nikki Lopez, Nancy Nabeta. Keeping it Together

Tonatiuh is a very active Tri-Hi-Y Club on this campus. Being very active in community programs as well as school functions. This year Tonatiuh members participated in a major fund raiser to help out a child with no limbs. Born in this condition, Martha, the child has received great help from the club. This great effort by the club has made this year very successful.

... to be Different

Football

Varsity Football has adopted the theme "Aztec Attack Squad." The success of the team was a result of this new attitude. Those who have witnessed their games can attest to the fact that Varsity's defense never gives up. Offensively opposing teams are well aware of our aggressive passing attack.

When asked what was required for a football team to be successful, Coach George stated, "The season actually begins in the preparation stages one week after the previous season ends. The athletes are required to be on a running and weight program until spring practices begin, which is in May. While most people are enjoying a leisurely summer, the football players have a different routine. Weight training every morning at six and passing league in the afternoon. We spend a lot of time together, coaches and players, which brings a very strong feeling of team unity."

Their hard work has paid off with an outstanding record. They were first in league with their only losses being to San Gabriel and Arroyo. Coach George was very pleased with the high moral standards of all his players. He considers them winners on and off the field.

Playing, Practicing and Working

This year was a year of gaining experience for MKHS J.V. football team. For the majority of the players, this was their first season of tackle football. Though they went through the season with just a few victories, the team progressed well and many will try for Varsity next year.

The freshmen football team started the season lacking experience but were eager to learn and excel. Through hard long hours of practice and help from the coaching staff, led by Augie Sanchez with help from his brothers and friend, they developed the talents and abilities to become Mission Valley League Champs.

Talent, determination and teamwork played a great part in their success. A strong defensive line was also a key to their success, as they held some of their opponents to shut out scores.

Coach Augie Sanchez and his brothers, Julio and Louie, led the frosh football team to their first MVL Championship against Arroyo with the score of 27-12. The team came a long way in their first year to reach their goal, which was to become Mission Valley League Champs.

Girls' Tennis

MVL Champs . . .

Yes! That's absolutely right! Girls' varsity tennis were MVL champions for the fourth consecutive time. Experience played a major role in the undefeated season since all the letters returned. The team's biggest competitors were El Monte and Arroyo. Varsity easily beat both teams with an average score of 17-1. Against the three other teams in the league, Duarte, Mt. View, and Rosemead, varsity had no problem winning 18-0. Coach Rich Westphaln believed that this was "... the best team Keppel ever had. They were rated third in CIF standings and have won 46 straight league matches." Varsity also succeeded in preseason matches. Against both Ramona Convent and Montebello, varsity won 10-8 but lost to Alhambra 8-10. With San Gabriel and Whittier, the score was 11-7. The only big loss was to San Marino, 0-18. Unfortunately ten seniors have left the team. Hopefully the three remaining varsity and next year's new players will continue the title as MVL champions.

J.V. Tennis Earns its

Congratulations are in order to the girls J.V. tennis team this year on a job well done. Led by coach Tony Grbac, the girls captured the Mission Valley League Championship with an impressive 17-2 record.

According to Coach Grbac, this year's team was one of the strongest we've had in years. Their strength was a result of hard work at least two hours of practice a day and close team cooperation where teammates would often help each other, develop their strengths, and correct their weaknesses. This all paid off as the team was unbeatable, often completely shutting out opposing teams (18-0). At least eight to ten of the J.V. players will be on varsity next year.

Cross Country

17:46 was the fastest time run this year by Gerardo Suarez, a frosh/soph runner. Although cross country had a small team and didn't have a winning year the team stuck together and gave it all they had.

Varsity boys finished the year with 0-3, frosh/soph boys finished with a 1-2, and the varsity girls as a team didn't compete because of lack of participants. There wasn't a complete five.

This years frosh/soph team was quite competitive. The team included excellent runners like Gerardo Suarez, Jose Garcia, David Leaton, and Brian Kakita. There was also a two and a half minute per mile improvement over 1983.

Cross country team could have been better with more runners for varsity girls and the boys team, but over all they had an exciting year.

Spikers Reach for High Goals

This year both the J.V. and Varsity Volleyball teams brought two new coaches. The new Varsity Coach is Becky Valentine. She is an off campus coach, a P.E. teacher from Garvey. Janeane Vigliotti is J.V.'s coach, a new teacher here at Mark Keppel teaching World History.

Varsity contained all seniors. Only two, were returning Varsity players, team Capt. Ki Kang (a four year Varsity letterman) and Vera Sun. They had a difficult year, having to make some adjustments but with much spirit and devotion they did well as a team.

The J.V. team was a fairly new member team, they are all very skilled and showed they have ability but the inexperience of the players were a set back. Looking toward next year, it should be a strong team along with a gaining of success.

Shooting Their Way

This year there has been a change on the Varsity basketball team. **Coach Bob Zabel** isn't coaching anymore. The Varsity team is led by **Mike Burke**.

The year started off slowly but we won some games. With four returning lettermen, **Sal Chacon, Tony Garcia, Ron Kobata** and **Glenn Shimoda**, Coach Burke was faced with the task of preparing the rest of the new members, and he did a good job. Even though the team wasn't successful in winning all the games, they had a lot of team spirit and enthusiasm.

There were also lots of new players who were excellent. The whole team gave it their best and had a fun year. Basketball is an exciting game that everyone should try. So if you are interested get in touch with Coach Mike Burke.

J.V.'s Aiming for High Goals

The Junior Varsity Basketball team, coached by **Ed Koester**, did very well this season. With good discipline from **Coach Koester**, the team has perfected its skills through long hours of practice.

Even though they are at a disadvantage because of their height, their ability to control the ball makes up for this flaw. They are not just a bunch of boys who can shoot well. They are also quick on their feet, and their determination and dedication to the team puts them ahead of other teams.

The team consists of 7 juniors and 5 sophomores. The juniors are **Steve Yamamuro**, **Scott Ward**, **Paul Wan**, **Chu Duong**, **Meng Lee**, **Jeff Yamabayashi**, and **Peter Chung**. The rest who are sophomores are **Marc Kawaguchi**, **Hoang Trihn**, **Te Ly**, **Alex Joko**, and **He Thai**.

Overall the team was filled with energy, enthusiasm, and confidence that gave them a successful season.

Girls Varsity Basketball Team

With a winning streak for the past two years holding a 20-0 record, varsity basketball strives for a third year of victory.

The team consists of 11 seniors and one freshman. Among the four returning varsity players are **R. Akahoshi, D. Grbac, L. Honda,** and **N. Matsumoto.** Among last year's JV players who have moved up to Varsity are **M. Frazier, L. Kaneko, A. Martin, L. Martinez,** and **D. Senaha,** plus an addition of three new players, seniors **D. Gotanda, K. Hua** and freshman **N. Morihiro.** Coaching for varsity for the third straight year is **Karen Maynard.**

The team is at a disadvantage this year since most of the players are rather short. However, their quickness makes up for this. They hope this quality will get them to the CIF Championships.

GO For It!

In the past the JV Girls' basketball team has always done well; this year is no exception. Under the supervision of Coach Palmer, the new coach, they were expected to fulfill their expectations. **Coach Palmer** currently teaches math at Muscatel Junior High. He has coached at many schools before, including Rosemead High with **Coach Karen Maynard** several years ago. At the West Covina Christmas Tournament, they won first place by defeating Arroyo, San Gabriel, and Downey in the championship game. Coach Palmer is very optimistic of his team because they are such good athletes and work well together.

This year Keppel has a new freshman basketball coach — Keppel grad, **Coach Tony Grbac**. For many years **Coach Grbac** has been involved with the tennis program and decided to give basketball a try. They won first place in their own Tournament by defeating such teams as Los Altos, San Marino, and San Gabriel in the Championship Game. In the Los Altos Tournament, they placed second by defeating Los Altos, Glendora and then losing to Bishop Amat. With thirteen players deep the team is going strong and has high hopes of winning their league.

The sophomore basketball team did equally as well. Led by **Duc Quach** and **Lim Ong**, the team has been quite successful. By defeating Schurr, Arroyo, and then losing to San Gabriel, they placed a strong second in the San Gabriel Tournament. Since they have done so well in the pre-season, they also have high hopes of winning their league. **Coach Baldwin** emphasizes playing good basketball, working as a team, and most of all, having fun.

Hoop with the Stars

Mark Keppel was fortunate to hold an unusual basketball game. No, it wasn't a Varsity basketball game. It was the Faculty vs. the Celebrity All-Stars. The game was held as a fund raiser for the basketball program.

The gym was jammed-packed with spectators hoping to catch a glance of one of the celebrities. It was one of the biggest turn out for a basketball game. The crowd seemed to enjoy themselves watching their favorite faculty members including our principal, **Mr. Chavez**, go head-to-head against favorite television personalities.

The Celebrity All Stars are not only good actors but fantastic athletes. The faculty did their best too. Together they made the game entertaining.

Varsity Wrestles

The 1984-85 Varsity wrestling team has had a successful season under the guidance of **Coach Marshall Thompson**. The main factors contributing to their success were their skill, hard work, and dedication. Besides doing well in league, the team has participated in weekend tournaments, such as a 10-way meet in Downey, in which the team placed first. With their record so far, the team is expected to do well in League finals and CIF, with outstanding performances by returning Varsity members **Polo Cruz, Calixto Jimenez, Keith Gilliland, Dean Isa, Dean Yoshizumi, Bryon Quiroz** and **Russell Noriega**.

Tryin' to Pin for Big Wins

Junior Varsity is the testing ground for future Varsity Wrestlers. The main objective of wrestling at the J.V. level is to mature as a wrestler and gain valuable experience. An athlete who has wrestled at the J.V. level will have a great advantage when he moves up to the Varsity level. However, winning on the J.V. level is just as important as it is on Varsity Wrestling.

The Frosh/Soph Wrestling Team also had a successful year. Though very young and inexperienced, the team, with long, hard hours of practice and help from alumni **Larry Landless** and **Coach Thompson**, they developed the skills to win most of their matches.

The seasons agenda consisted of a number of tournaments in which wrestlers were given a chance to win medals. They also competed in dual meets with each team in the league.

The 1984-85 season was one of learning and of hard work, as well as one of fun and success.

A Winning Season

Varsity soccer showed great potential as well as experience. Under the direction of **Coach Werner Barsuhn**, the team demonstrated its superiority by performing another outstanding season. But it took more than just great coaching to create a winning team.

It took determination and many long, arduous hours of mental and physical preparation. Players practiced almost everyday executing drills and exercises or holding a scrimmage once in a while. All the hard work and dedication paid off as Varsity began its season taking a third place finish at the La Canada Tournament in early December.

Experience was a key factor toward the team's success. There were seven returning players from Varsity, **Walter Cabrera, Gueru Esquivel, Alberto Loo, Ivan Lopez, William Heitman, David Gonzalez, and Alfred Ibarra**, and five from J.V., **Joel Gomez, Jose Mendoza, David Rodriguez, Galdino Rodriguez, and Carlos Sanchez**. With the combination of great coaching, fancy footwork, and experience, they were well on their way toward CIF play-offs.

Under the dynamic coaching of former Keppelite, **Coach Roberto Yopez**, the J.V. soccer season proved to be a very rewarding one. The team was made up of a few returning players which meant most of the players were in their first year. However, this lack of experience did not prove to be a handicap.

They were determined to have an outstanding season. Their eagerness would not stop them from long hours of practice and training. Along with determination, players possessed such qualities as swiftness and agility which proved to be an advantage in dodging opponents and running the ball downfield.

Capturing third place in a preseason tournament at La Canada, J.V. soccer was well on its way toward a flawless season. Such dedication and abilities are the makings of great Varsity players to come.

Getting into the Swing of Things

The Varsity softball team, under the rookie coaching of *Ed Koester*, started off the season with high hopes. With their five returning varsity players — *Sandra Gusman*, *Anita Martin*, *Lorraine Martinez*, *Francine Reyes*, and *Hortensia Quezada*, along with the help from some of last years JV's, the team was ready to dominate.

Under the coaching of *Ed Nielson*, the JV team got off to a good start during pre-season. The team proved to be very strong with very enthusiastic girls.

Both the Varsity and JV teams put in many hours of practicing which led them to a very successful year.

Badminton

Watch The Birdie!

Badminton is a sport that requires speed, conditioning, quick reflexes, eye coordination, and good sportsmanship. Boys and girls have to be in top form. In a highly competitive match, players will run up to two miles.

Coaching both Varsity and J.V. is *Harold George*. Aided by assistant coach *Wai Lun Chung*, *Coach George* started the coed program seven years ago and the last time he coached Varsity, they finished third in CIF playoffs. He enjoys the game and finds it rewarding. The team is young and consists of mostly sophomores and juniors, with a few seniors to add leadership. The sport is a recreational activity in a highly competitive environment, but as *Coach George* says, "Some people think its for the birds but I think it's a real good racket to get into."

'Under New Coaching'

This year the Varsity baseball team has a new coach. *Coach Valentino* is no longer coaching the Varsity team. The new coach is *John Saunders*. *Coach Saunders* has had experience coaching other sports as well as JV Baseball, but this year he was challenged with the task of coaching Varsity Baseball.

The Varsity team consists of five returning lettermen, which are *Frank Narvaez*, *Rafael Canul*, *Anthony Walker*, *Pio Rongavilla* and *Troy Tetsuka*. Even though they started the season with a little bad luck, they practiced long hard hours to come back to the top. With dedication and hard work the Varsity team has made this an unforgettable season.

Mo Baseball

"Mo Baseball" What's that? To the JV team it means working hard and doing the very best that they can. "MOTIVATION" is the key word and 24-year-old witty, *Steve DeWitt* from Cal. State, believes in it all the way. "It's not a new form of baseball, it's just how they motivate themselves to play: AND IT WORKS!!! It's *Mr. DeWitt's* first coaching job, and he hopes that it won't be his last.

JV spent many long hours under the hot sun reviewing basic fundamentals. "It was mostly a rebuilding year," says *Coach DeWitt*, "but there's no doubt in my mind this team can make it to the top." Until then, keep moing in that body!

The track team was composed of promising new members in addition to returning talents. The team worked hard and dedicated a lot of time and effort to maintain top condition. Each members' training was set up especially for him or her according to their level of ability by *Coach Andy Herrera*.

Although there was a weakness in the distance events, it was overcome by outstanding performances in the sprinting and jumping events. *Coach Herrera* was pleased with the team and expects that they should have a successful season. He and the team are aiming towards qualifying many of its members to participate in CIF.

Challenging the Odds and Winning

As one of the most challenging and demanding sports, swimming has begun to be a Keppel powerhouse. Although it was said that it would never happen here, swimming continues to take everyone by surprise.

For his fourth year as coach, *John McLain*, has transformed the swimming program into one of a winning tradition. When *McLain* first took the position

the team consisted of 10-15 swimmers; today it boasts 55-60 member team. For the first time, the team was able to have strength in numbers, due to *Coach McLain*.

With stronger swimmers in the alternate strokes, backstroke, butterfly, and breast stroke, qualifying swimmers into CIF was in reach. The CIF hopefuls were *Sean McCarthy*, *Jennifer Miyagawa*, *Jana Klein*, and *Scott Koga*. Other strong performances were put in by the remaining premier athletes: *Tim Schempp*, *Jerrod Ullah*, *Sean Gill*, *Dawn Gotanda*, *Paula Kurilich*, *Janet Goodfellow*, and *Flora Yokoyama*.

Newcomers Show Future Promise

Newcomers proved to be valuable in the Junior Varsity competition. With a surprisingly large team the JV teams dominated the league showing much promise for future varsity teams. Strong performances were given by *Leane Inoye, Ruth Maehara, Jennifer Golly, Jane Hong, Peter Cheng, Julian Lopez, and J.C. Quintana.*

Consisting entirely of first year swimmers, they had to build their team from the bottom up. Training proved to be the valuable key to their success. Many not only had to learn the alternate strokes but they had to compete in those events as well. With determination and a lot of natural skill and athleticism the team has complemented the varsity teams and soon will take their place.

Still the Champions . . .

Boys' varsity tennis team consisted of eleven players instead of the usual eight. Team Captain *Winston Yu*, sophomore *George Serantos*, and freshmen *Jay Tamiya* and *Bobby Towery* all played doubles. In singles lettermen *Fernando Castor* and *Mike Wong* returned while *Tony Wu* and *Neil Chong* added to the force. In addition to the eight varsity members, *Mike Kawaguchi*, and newcomers *Anthony Seki* and *Yuval Ashkenazi* completed the team. El Monte and Rosemead proved to be the biggest challenge in league games. Coach *Tony Grbac* felt "the team's hard work and practice paid off in the end since we captured the MVL title once again."

Enthusiasm is the Name of the Game

CENTER: *You're never gonna get it.* — Sophomore Wayne Le smashes a ball down the line. UPPER LEFT: *Concentration* — Sidney Chiu tosses a ball up high and awaits to finish his serve. ABOVE: *Smash that baby* — Calvin Ly demonstrates his magnificent forehand.

JV TENNIS — (FRONT ROW): John Takemura, Bobby Koh, Albert Salvador, Bryant Koh, Tom Jou, Calvin Ly, Frank Lau, Sidney Chiu, Hung Phung. (STANDING): Coach Westphaln, Norman Chiu, Billy Lam, James Kim, Peter Chen, Raymond Choy, David Wallenstein, Wayne Le, Ernie Zarate, Johannes Chan, Steve Hsiang.

Skill makes a sure thing

FROSH TENNIS — (FRONT ROW): Yoon B. Choi, Daryl Jung, Mike Jou, Stanley Kane-shige, James Won, Jonathan Cuesta. (STANDING): Coach Westphaln, Paul Akahoshi, Jun Chang, David Ortiz, Vuthy May, Stanley Lam, Justo Castellanos.

The JV and Frosh teams were very young, but also very skilled. They both did well in league, having practically no competition. A big asset to both of these teams was their enthusiasm. It helped the overall morale of each team and kept them going. In *Coach Westphaln's* opinion, some or all of the JV players were capable of competing on Varsity level. The only reason why they didn't was that there was a great deal of competition among the players. The tennis teams have always been very successful. This year has not been any different.

MIDDLE LEFT: *Swinging sensation* — Yoon B. Choi nails a backhand during a match against Arroyo. **BOTTOM LEFT:** *I got it!* — Paul Akahoshi returns a ball while teammate James Won looks on. **TOP:** *Keep your eye on the ball* — Jonathan Cuesta is trying to decide where to place his shot.

Varsity Yell 84-85 consisted of eight very spirited girls: eight seniors and two juniors. They cheered enthusiastically at all varsity games getting the crowd to cheer along with them. The girls gave tremendous support and confidence to all of our Aztec teams.

Being on Varsity Yell was no easy task. It is a

time-consuming job. First the girls learned the cheers and routines, practiced until they knew them perfectly, and then they attended all the varsity games to cheer the teams on to victory. Hours and hours of hard work is what made them so outstanding.

LOWER RIGHT: **We're #1** — Varsity Song shows off the old school spirit. LOWER LEFT: Song advisor, Monica Christensen.

Varsity Song consists of four members: Tracy Brendzal, co-captain; Candie Carawan; Angie Gonzales; and Janet Goodfellow, captain. The fact that Song is small this year limits them to certain routines. However, they work very well together, sharing and enjoying each others company.

Song leaders cheer and add spirit to the games, just as cheerleaders do. But what makes them unique is that they add dance and jazz movements to their routines. The title originates from their specialty in performing dance routines to music at rallies and games.

Cheerleading can be glamorous, but it also means a lot of hard work and money. Practicing for upcoming events whenever necessary, Pep rally routines usually take two weeks to create and perfect. Uniforms for Song cost approximately \$500 while cheerleading camp cost \$150, but it was said to be well worth it.

TOP LEFT: **Showing their style** — Song perfects a formation. MIDDLE LEFT: **Hold that pose** — Song concentrates on every move during practice. MIDDLE RIGHT: **With pom-poms in hand** — Tracy shows enthusiasm while preparing to cheer for a football game. BOTTOM LEFT: **Time to smile** — Get ready to take a picture.

Let's Hear It for the Girls!

Hard work, discipline, and dedication describes the efforts JV-Yell, B-Yell, and Drill Team along with Banner faced everyday in order to reach perfection! JV-Yell consisted of only four sophomores — Angela Aramenta, Monique Cabrera, Terri Ortiz, and Sandra Vasquez. B-Yell was also small with only five freshmen making the team — Melissa Barajas, Tami Duran, Cindy Manning, Jessica Moreno, and Sylvia Rodriguez. Both coached by Ms. Christenson, JV and B-Yell were taught strict discipline in memorizing routines, attendance, and various techniques. Drill Team and Banner, advised by Ms. Heredia, were mixed together since the team consisted of 18 participants. Drill Team and Banner learn the same responsibilities as the other teams, but also much more. Heredia taught them strict military discipline, sharpness, rhythm, and jazz and ballet movements such as different types of splits. Drill Team and Banner also participated in invitational competitions with many different schools with the band. With all the effort made, the teams felt a sense of self accomplishment and performed with pride. Cheers to a job well done!

BELOW: **Practicing a cheer** — Melissa Barajas fills with spirit as she performs. RIGHT: **Performing with pride** — Monique Cabrera shows her technique. FAR TOP: **Taking a break** — Angela Aramenta tries to tell Terri Ortiz her dilemma. FAR MIDDLE: **Jumping off the wall** — Terri Ortiz leaps onto the ground. FAR RIGHT: **Rehearsing a routine** — Captain Denise Gallardo leads the rest of Drill team and Banner with style.

JV-YELL — (FRONT ROW): Angela Aramenta, Sandra Vasquez, Terri Ortiz, and Monique Cabrera.

B-YELL — (FRONT ROW): Melissa Barajas, Tami Duran, Sylvia Rodriguez, Cindy Manning, and Jessica Moreno.

DRILL TEAM AND BANNER — (FRONT ROW): Candee Corell, Patty Beal, Denise Gallardo, Gina Morales, Lupe Saenz. (2ND ROW): Jennifer Golly, Gloria Limon, Cindy Molinar, Kristen Hernandez, Liz Avila, Debbie Salazar. (3RD ROW): Madonna Le Caine, Christy Huizar, Angie Hernandez, Madeline Navarez, Ginny Phroodh Phroodhome, and Yvette Villegas.

A Special Time A Special Place Now A Memory

Four of the most memorable years of our lives were probably spent in high school. These special times we've shared will always be a part of our lives. High school was an experience in itself.

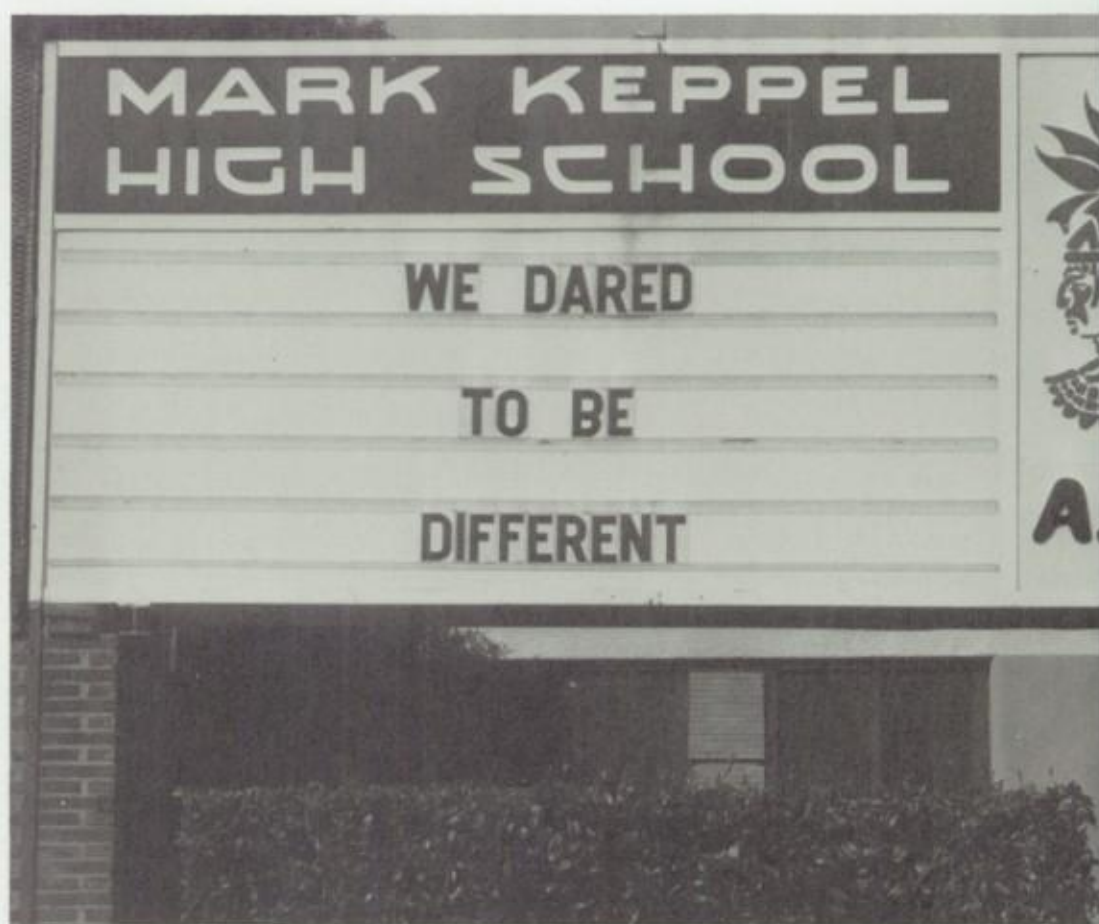

Remember that first day? As freshmen we wandered aimlessly through the campus trying to get from room 116 to B-20 before the seven minute passing period was over while at the same time trying to avoid being trampled to death by the entire student body. When lunch time came around, we either waited twenty minutes to get something to eat at the canteen and then gobbled it down in ten minutes, or if we were smart, we brought a sack lunch and enjoyed the company of fellow freshmen at the lunch courts.

By the time we were seniors, we knew the place inside out. We had our own little hideaways. No more worrying about getting to class on time — and in one piece. We had our own techniques for surviving the stampede through the hallways. A twist here and a turn there. We got to class in about five minutes and had some time before class to talk with friends about last night's homework. After fourth period we dashed out to the parking lots for a quick bite at a nearby fast food restaurant.

High school was more than just the crowded hallways and getting to class on time. It was a time of growing up and finding ourselves. We experienced all sorts of ups and downs. We felt the pressures and the excitement. We made new friends and learned to cherish old ones. If not for them, we would have very little to look back upon. We remember the laughter and tears and the special times spent together. As we began to appreciate them, we learned to appreciate ourselves for who we are as individuals.

Some time from that very first day in September to that last day in June four years later emerged a masterpiece of individuality fashioned by the hands of experience and self discovery. We may leave with diplomas in our hands, but our hearts will always hold a treasure chest of memories.

UPPER LEFT: *Our marquee says it all* — We dared to be different. CENTER LEFT: *All is calm before the storm* — An empty hallway, a rare sight during passing period. LOWER LEFT: *Sitting pretty* — Sandra Hong and Alice Yang take time out from their lunch hour to smile for a picture. TOP CENTER: *Picture perfect* — The magnificence of Keppel is captured by a timeless photograph. CENTER: *The gang's all here* — A local Freshmen gang decides on plans for the weekend. UPPER RIGHT: *Let's hear it for the boys* — Luther Mandi and friends show us who's number one. LOWER RIGHT: *Peek-a-bool* — Scott Koga and Nancy Lee sneak up on Paula Kurlich.

Make It Happen

We are the generation that will become tomorrow's leaders. The experience we've shared and the hardships we've conquered will no doubt contribute to the way we will approach the decisions which we must make in our lives.

Life is a testing ground of experience, and high school is only a part of this huge sphere. Throughout our lives we will confront many obstacles which we must overcome. At times these obstacles might seem impossible to conquer, but they offer us a chance to challenge ourselves and our limitations.

We have a grave responsibility not only to ourselves but to others as well. We must take charge of our lives, and in turn, it will insure us of a future worth living, a future of many as one world living in peace. We are all members of this common community called earth. The future is in our hands. Only we . . . can make it happen.

LOWER LEFT: *Go get 'em* — Team mascots show their spirit at a home game. LEFT: *Suspended in awe* — Spectators wait patiently for the referee's call. UPPER LEFT: *Order of fries to go* — Eric Romero provides the crowd with what they ordered. TOP: *Out of the blue* — Could Lee Ming have a question in Calculus? TOP CENTER: *Would you look at that!* — Something seems to have caught Sandra's eyes. CENTER: *Rise and shine* — Calculus students are always on their toes. ABOVE: *Some good advice* — Go, fight, win! Seniors! TOP: *Take heed* — Our time has come. CENTER: *Sweet victory* — Long hours of practice pays off for Jana Klein. UPPER RIGHT: *Ask anyone* — Aztecs are #1. RIGHT: *Heat of the moment* — Joyce, Nancy, and Tina watch as the Aztecs score the winning basket. LOWER RIGHT: *Check out those . . .* — Girls are not the only ones who look good in short skirts.

well what can I say?
well that I have really
enjoyed having you in
my speech class I had fun
talking to you and walking to
our lockers after 1th and 2th

and 3th well you know all those times
what we were together and talking about
what we did during the weekend and what
somebody told us and going to get everybody's
lunch caring 7 combos at a time. so remember
that and what we did it was just fun
even if we use to get mad but we really
enjoy everything we did during all these years.
The year went by so fast that you couldn't say
is over and next year the last year for me
and you start your junior year it's going to
be so fun and I hope you enjoy it like I did.
remember the great time we had and I hope
you stay the same and don't forget about
me chavel, because I won't forget about you

Daring to Dream
Striving to Excel
Making the Difference
and . . .
Succeeding

The task of producing the **1985 Teocalli** was a challenge. A challenge accepted and confronted by many faces. The end result is captured within these covers and will live forever in the minds of all of those who contributed to its completion.

A big hug and a very special thanks to all those who made the book a success:

Mr. Ray Williams
Ms. Konnie Krislock
Mr. Roberts
Joanne Lau, assistant editor
Nancy Lee, sports
Sharon Hatae, faculty
Alice Ishigame, business manager
Eric Ogawa, underclassmen
Ruth Akahoshi, divisions
Tina Chee, opening
and the rest of the hams of the **1985 Teocalli Staff**.

Thanks to all of you who dedicated their time and effort to the book, including the Koh family for use of their computer.

A special wish of success and the best of luck to Nancy Lee, who has accepted the challenge in 1986.

Thank You
Sincerely,
Scott Koga

To Virginia
 a nice and sweet
 girl I met in my P.E class
 I ~~met~~ hope you have
 a nice summer and don't
 work too hard!
 Bye
 your friend Irene Ramirez

Virginia
 ha sido un
 placer haberlo
 conocido. Espero que
 tengas una buena
 verano. Que
 tengas un amigo
 bueno en las finales.

To Virginia
 Hi Virg! What's up?

I sure hope I see you next year
 Because you ARE a real nice girl
 not only are you nice but you're also funny
 and wild if not too wild. I had some
 cool times in 5th period cause of you
 and I better stop writing because

I'm going to start crying HA!
 You have a great summer

and maybe I'll see you
 at the beach, or park or
 anyplace I can picture
 you being there - maybe
 I'll end up seeing you
 at the Hospital if you're
 still working there. I'll
 be there with one leg + arm
 practically half dead and
 your right there laughing
 at me. Well I have a
 feeling I will see you
 next year so I better

To Virginia a
 nice friend I met
 this year. Have a
 nice summer. Bye!

Virginia
 Hi! Glad to have met
 you, this year. You've been
 a nice friend. Hope to
 see you next year too!
 We'll have a nice summer. "k"
 Stay sweet! Bye

Hola Virginia:
Ha sido un placer
muy grande el tener
de nuevo en una de mis
clases. Espero que el año
entrante también te vea. Te decido
de corazón lo mejor que hay en
esta vida. Buena suerte el año que
entra.

Sinceramente.
